UNITED STATES DISTRICT COURT EASTERN DISTRICT OF CALIFORNIA

MEMORANDUM

Honorable Anthony W. Ishii Chief United States District Judge Fresno, California

> RE: Dismissal of Expired Probation/ Supervised Release Warrant Cases

Your Honor:

This memorandum is to request the Court vacate and recall the probation and supervised release warrants issued in the following delineated cases and dismiss the underlying Petitions as jurisdiction in these cases have expired.

The Ninth Circuit Court of Appeals decision in <u>U.S. v. Vargas-Amaya</u>, 389 F.3d 901 (2004) ruled that a district court's jurisdiction to revoke supervision beyond the term of supervision ordered is extended if the warrant was issued "upon probable cause, supported by Oath or affirmation," as required by the Fourth Amendment. The probation office has identified a large number of warrants issued in the Eastern District of California which were based upon alleged violations of probation and/or supervised release and jurisdiction of these cases have expired due to the now-invalid warrants. Accordingly, it is recommended the Court recall the warrants and dismiss the cases as noted below.

Respectfully submitted,

James E. Herbert
Assistant Deputy Chief U.S. Probation Officer
